

Site Sign Application

AIBC site signs are made of highway sign grade aluminum and are screened with transparent red over 3M reflective engineering grade sheeting. The signs are rectangular with radius corners, and the colours are red and white. The firm name and other information are displayed in white on red and applied in 3M reflective sheeting. The AIBC seal is shown in black on white.

As shown at right, signs identify:

- firm name;
- city in which firm is located; and
- firm telephone number.
