

**New West Building Bylaw**

- Section 18 only mentions engineers as being able to write equivalencies.

**New Westminster Administrative Requirement, November 7, 2011, Building Bylaw 6897**

- Clause 2.1 refers to the 1998 British Columbia Building Code.

**New Westminster Letters of Assurance, November 7, 2011, Building Bylaw #6897**

- Clause 12.1 refers to reliance on the LoA as certification that the design and plans comply with the code, rather than using code language of “substantially conform”.
- Bulletin “Single Family Residential Guide for Queensborough” includes several requirements for the involvement of a geotechnical engineer and submission of letters of assurance. This is above the code requirement for LoA.
