

## **City of North Vancouver Building Construction Bylaw 7390**

- Section 7.3 allows the authority to put any conditions without limit on a building, rather than merely requiring British Columbia Building Code compliance.
- Section 7.5 provides the authority to accept or not accept electronic seals, which are legal under the professional acts.
- Section 9.1.2 requires the CRP to hire an “internationally certified CPTED consultant”, where no such definition exists.
- Section 9.1.3 mandates review by an “independent third party,” where no guidelines or rules are in place.
