

West Vancouver Building Bylaw 4400, 2004

- The definition for “Letters of Assurance” references B1B2, which is replaced by Schedule B.
- The definition of “Building code” references BCBC 1998.
- Clauses 7.3 and 9.3 state that inspections will not be done when Registered Professionals are involved, but clause 9.4 lists mandatory inspections. This appears to be a contradiction.
- Clauses 9.2.6 and 9.2.7 require Registered Professionals at the discretion of the authority, or if there are no roof overhangs.
