

## **Nanaimo Building Bylaw 2003 No. 5693,**

- **17.9** states that there are no requirements for municipal inspections in **17.4** where the areas are under professional assurance.
- **18.2.2** states that occupancy permits are issued without municipal inspections in **17.4**, where they are not required by **17.9**.
- No mention is made of whether the city attends occupancy demonstrations of life safety systems.
- **23.2** has construction requirements for fences around pools.
- **28** makes reference to Fire Limit Areas. There are requirements for certain buildings to be sprinklered in these areas.
