

## Council Response to 2017 Member Motion

At its July 2017 meeting, AIBC Council reviewed the motion-from-the-floor (MFTF) that was supported at the 2017 Annual Meeting. While noting that any such motions are advisory and non-binding to council, council reiterated its commitment to giving them due consideration. The MFTF and council's response are as follows:

### **MFTF:**

Be it resolved that AIBC Council be requested to consider:

Review of Bulletin 55 (Tariff for Market Multiple Residential Sector), December 2001 – in which we do not feel necessarily represents sufficient fees for the complexity of modern day process.

Moved: Sheridan MacRae Architect AIBC

Seconded: Scott Mitchell Architect AIBC

**CARRIED**

(96% In Favour)

### **Response to MFTF:**

**Decision:** Council is supportive of this MFTF.

**Rationale:** It is important to note that this member motion requests council to consider one component of the larger tariff documentation, which includes the following:

- Tariff of Fees for Architectural Services
- Bulletin 54: Tariff for Schools
- Bulletin 55: Tariff for Market Multiple Residential Sector
- Bulletin 56: Recommended Fees for “Enhanced Building Envelope Services”
- Bulletin 90: Minimum Scope of Architectural Service
- Practice Note 17: Hourly Rate Fees - Services of Principals or Staff

An operational project to review the full suite of documentation is currently underway, which will include a review of Bulletin 55. The project will also consider the Tariff of Fees for Architectural Services as a regulatory document. It is anticipated that member consultation will be undertaken as part of the project.

Members' efforts to bring forward informed, well-formulated suggestions and recommendations for council's consideration are sincerely appreciated.
